SECTION: 1

BACK GROUND INFORMATION AND OBJECTIVE OF THE ASSIGNMENT

1. Project Background:

The National Urban Livelihoods Mission (NULM) rest on the foundation that the mobilization of urban poor households to form their own institutions is an important investment for an effective and sustainable poverty reduction programme. These institutions of the poor would partner with local self-governments, public service providers, banks, private sector and other mainstream institutions to facilitate delivery of social and economic services to the poor.

Self-Help Groups and their Federations : NULM envisages mobilization of urban poor households into a three tiered structure with Self-Help Groups (SHGs) at the grass-root level, Area Level Federations (ALFs) at the slum / ward level and City-level Federations (CLFs) at the city-level.

Self-Help Groups (SHGs) : SHGs are groups of 10 to 20 women or men who come together to improve their living conditions by group savings and loans. These groups conduct regular meetings where the savings of the group is collected into a corpus fund, which is used to provide short-term loans to the members. After some time when the credit requirements of the members increase, the Self Help Group may approach to a bank for loan.

Membership of SHGs : Under NULM, Self-Help Groups of urban poor will be formed. Non-poor may be included as members in SHGs where strong affinity or special reasons exist. However, at least 70% of the SHG members should be urban poor to qualify for funding support under NULM. SHGs may consist of 10 to 20 members. These groups need not be registered. Normally, women SHGs will be formed, however male SHGs of handicapped persons will be allowed to be formed. The objective is to organise all the urban poor families into SHGs; however, those areas may be taken up first where urban poor are concentrated.

NULM would lay particular emphasis on the mobilization of vulnerable sections of the urban population such as SCs, STs, minorities, female-headed households, persons with disabilities, the destitute, migrant labourers, and especially vulnerable occupational groups such as street vendors, rag pickers, domestic workers, beggars, construction workers etc.

2. Objective of the Assignment :

For catalyzing the formation of SHGs and their federations and to promote the financial inclusion of SHG members under NULM, Resource Organisations (ROs) will be engaged to facilitate the formation of SHGs, their development and bank-linkages, formation of their federations at the area and city levels, training and capacity building, and establishing links to ULBs and to mitigate social, occupational and residential vulnerabilities.

3. The functions of the ROs are as follows:

i. **Identifying Affinity Groups:** ROs should identify prior relationships of trust and mutual support and encourage those individuals to form SHGs. The membership should be preferably through participatory approach and self-selection.

ii. **Capacity Building:** Once the SHG is formed, ROs will be expected to train ALL members of the SHG (not just the leaders/representatives) in: (a) the basic concepts of functioning of a SHG like how to conduct meetings, basics of savings, lending money, repayment habits; responsibilities of group members; (b) bookkeeping and accounting, fund management, building bank and credit

linkages; (c) communication, decision making, conflict resolution, self-assessment, etc.; and (d) accessing government benefits under NULM and other programmes of the Government.

iii. **Handholding support for at least 15 months:** Once the groups are formed, ROs will be required to attend their meetings on a regular basis. The ROs will also bring in bankers, government officials from various departments, and members from established SHGs (for cross-learning) to interact with the SHGs. The ROs will assist the Community Organiser in the evaluation of the performance of SHGs being supported by them. Within a month of formation of the SHG, all groups which do not have bank-accounts should be helped to open SHG bank accounts and the ROs will also facilitate credit to SHG from banks. Groups should be encouraged to access credit from other formal sources as well.

iv. **Withdrawal of support between 15-24 months:** In this period, ROs will be expected to withdraw active support from those SHGs that are formed and performing satisfactorily. At this stage the level of monitoring will increase and at the end of the 24 months of support, a critical evaluation of the supported SHGs in collaboration with the Community Organiser must be undertaken to determine whether the SHG is self-sustaining. ROs will also ensure that SHGs are federated into ALFs and work closely with ALFs and CLFs to build their capacity.

v. ROs will also facilitate UID enrolment, opening of Basic Savings Bank Deposit Accounts (BSBDAs) and credit counseling of SHG members. These are indicative and for guidance only; States/ULBs may suitably amend these based on local conditions any time accordingly .

4. Area of operation of the ROs :

To ensure accomplishment of social mobilization, NULM will partner with Resource Organisations (ROs) to promote the formation of SHGs in the identified urban areas. ROs will be engaged to facilitate the formation of SHGs, their development and bank linkages, their federation at the mohallah, ward and city levels, training and capacity building, establishing links to ULBs and to mitigate social, occupational, and residential vulnerabilities in the following Urban Local Bodies :

IMPORTANT INFORMATION TO THE BIDDERS

(These are simply an indication of how ROs can be engaged by SULM, UP for Community Mobilization)

A: Background

The National Urban Livelihoods Mission (NULM) aims at reducing poverty and vulnerability of the urban poor households by enabling them to access gainful self-employment and skilled wage employment opportunities, resulting in an appreciable improvement in their livelihoods on a sustainable basis, by building strong grassroots level institutions of the poor.

To ensure accomplishment of social mobilization, NULM will partner with Resource Organisations (ROs) to promote the formation of SHGs in urban areas. ROs will be engaged to facilitate the formation of SHGs, their development and bank linkages, their federation at the area and city levels, training and capacity building, establishing links to ULBs, and to mitigate social, occupational, and residential vulnerabilities.

B: Expected outcomes of the engagement with ROs

1. At least 1 member from each identified urban poor household, preferably a woman has to be a member of an SHG.
 - 1.1. At least 70% of the members of SHGs should be urban poor.
 - 1.2. ROs to train SHGs to build their capacity on issues such as: (a) the SHG concept (including savings), how to conduct meetings, responsibilities of group members, etc; (b) book-keeping and accounting, fund management, building bank and credit linkages; (c) communication, decision making, conflict resolution, self-assessment; and (d) accessing government benefits under NULM, and other social programmes of the central, state and local governments
 - 1.3. All SHGs to have a bank account for deposit of savings;
 - 1.4. All SHGs to be linked to banks for credit;
 - 1.5. All new SHGs formed access revolving fund support under NULM
2. SHGs will be federated at the area-level and at least one City-level Federation will be formed per City.
 - 2.1. ROs to ensure that all members of ALFs/CLFs undergo training to build their capacity on issues such as: (a) the federation concept (including savings), how to conduct meetings, responsibilities of group members, federations etc; (b) bookkeeping and accounting, fund management, building bank and credit linkages; (c) communication, decision making, conflict resolution, self-assessment; and (d) accessing government benefits under NULM, and other social programmes of the central, state and local governments;
 - 2.2. All ALFs/CLFs to be registered;
 - 2.3. All new ALFs formed access revolving fund support under NULM

C: Principles of partnerships with ROs

1. At the city-level, the work on NULM will begin with a mapping of the existing SHGs and social mobilisation that already exists in urban areas under NULM, the erstwhile Swarna Jayanti Shahari Rozgar Yojana (SJSRY) and other local schemes. This exercise will also identify pockets

where the urban poor have not been mobilised into SHGs at the city-level. The aim of this exercise is to assess the quality of existing SHGs (and where applicable, federations), identify the need for interventions

in existing SHGs / Federations to strengthen them and transition them from SJSRY to NULM, and identify where further / new community mobilisation is needed.

2. Resource Organisations will be selected on the basis of strict criteria including registration status of the organization, turnover, number of years of experience, sound procurement and financial management capacity, number of dedicated expert staff, domain knowledge and prior experience in social mobilisation of poor households, training and capacity building, livelihood promotion and bank linkage of the community organisations.
3. SULM, UP will assign the RO to a compact geographical area of the city within which the RO will function; this assignment will be done on the basis of the capacities of the respective ROs. The RO should cover a minimum of 50 SHGs. As per local conditions, more than one city may be covered by a single RO to achieve critical mass and ensure quality training.

D: Selection criteria for ROs

1. Only those NGOs with a strong and proven track record of working in the field will be considered.
2. As per legal requirements, the potential RO should be a registered body.
3. All potential ROs should maintain its accounting records and have properly audited annual statements of income and expenditure
4. The orientation and philosophy of potential ROs should confirm to the essential features of community mobilisation and institution building under NULM namely, adherence to participatory processes, belief in the objective of self-reliance and empowerment of the urban poor, experience in the formation of affinity groups, preferably groups managing credit and involved in income generating activities, and experience of capacity building of grass root institutions of the poor.
5. The potential RO has a base in the city in which it proposes to work and has field experience in the area with an adequate number of trained field-level staff and a clear understanding of the socio-economic, cultural and political situation of the area. A demonstrable rapport with the community in which the potential RO proposes to work will be an advantage.
6. Resource Organisations may engage Community Resource Persons (CRPs) on their team for the formation of SHGs under NULM; however sub-contracting will not be allowed.
7. The RO should have successfully promoted the formation and bank linkage of at least 100 SHGs.
8. The potential RO should be secular in nature and not be affiliated with any political organisation.
9. The potential RO should be willing to sign a Memorandum of Understanding with SULM, UP committing itself:
 - 9.1. To pursuing the objectives and components of NULM;
 - 9.2. To making changes within its strategy and systems if there are obstacles in achieving the objectives of the project;
 - 9.3. To nurture and support SHGs formed as per the guidance and philosophy of NULM;

9.4. To attend meetings and contribute to the feedback systems and procedures required by NULM, including regular reporting.

E: Scope of work of ROs

The tasks of ROs will include the following in a specific geographical area within a city assigned to them:

1. Implementing the model of institution building as outlined under NULM via guidelines and advisories issued from time-to-time.
2. Mobilising the poor on the basis of affinity groups and building quality SHGs and their federations. The selection of members and the formation of SHGs should be participatory in nature.
3. The RO should ensure that at least 70% of SHG members are urban poor
4. Building the capacity of these institutions by organising training and exposure visits and learning events in order for them to further support livelihoods of their members and also facilitate social action.
5. Once the SHG is formed, ROs will be expected to train ALL members of the SHG (not just the leaders/representatives) in basic issues such as:
 - (a) the SHG concept including savings, how a meeting of an SHG is conducted, responsibilities of group members, federations, etc.;
 - (b) book-keeping and accounting, fund management, building bank and credit linkages; (c) communication, decision making, conflict resolution, self-assessment, etc.; and (d) accessing government benefits under NULM (especially universal financial inclusion, skill training and micro-enterprise development) and other social programmes of the central, state and local governments
6. Handholding support for at least 15 months: Once the groups are formed, ROs will be required to attend their meetings on a regular basis, bring in bankers, government officials from various departments, and members from SHGs established for a period of at least 2 years (for cross learning) to interact with the SHGs (at the SHG and federation-levels). At this stage, ROs will also organise capacity building and encourage members of the SHG to access benefits under NULM. The ROs will assist the Community Organiser in the evaluation of the performance of SHGs being supported by it. Within a month of formation of the SHG, all groups that are not linked with bank accounts, should be helped to open SHG bank accounts.
7. Withdrawal of support between 15-24 months: In this period, ROs will be expected to withdraw active support from those SHGs that are formed and performing satisfactorily. At this stage the level of monitoring will increase and at the end of the 24 months of support, a critical evaluation of the supported SHGs in collaboration with the Community Organiser of the ULB must be undertaken to determine whether the SHG may be deemed self-sustaining. Here ROs will encourage SHGs to federate into ALFs and work closely with ALFs and CLFs to build their capacity to take over the handholding function after the RO fully withdraws support.
8. Orchestrating convergence of relevant government programmes including facilitating UID enrolment, opening of Basic Saving Bank Deposit Accounts (BSBDAs) and credit counseling of SHG members

G: Monitoring & Evaluation

NULM is process intensive and at various levels it will constantly review, assess and learn from the qualitative and quantitative progress achieved. A robust IT-based monitoring and evaluation MIS would be in place to facilitate this and support informed decision making at all levels. SULM, UP will put in place various mechanisms for monitoring the progress of the programme in the state.

These will include:

1. Accountability in SHGs including institutional self-monitoring, peer internal audit of processes and local social audit
2. MIS based input-output monitoring
3. Independent social audit, and third-party evaluation.
4. Impact assessments through baseline assessments, and impact evaluation studies on key result indicators
5. Annual reports
6. Internal review mechanisms including monthly / quarterly planning / progress reporting, field visits by staff / officials, joint half-yearly / annual review, review and consultation workshops and meeting of convergence and coordination committees at various levels.
